FALL

fun

HELLO!

Hi!

I'm Bella, blogger at Ciao Bella and founding editor of Doll Mag! I had so much fun making my summer fun kit, and it seemed like you had fun using it, so I decided to make another kit. In this set, it is all about autumn! You doll can celebrate fall by going to the pumpkin patch or picking apples at the orchard. She can grab a quick bite to eat at the local bakery before heading off to school. And don't forget the best fall holiday – Halloween! Before you start playing, please keep these notes in mind..

- **Please give credit where credit is due.** Please ask me before using on your own blog! Photos and other mentions are fine as long as you provide a link back to the original post. :)
- **Find a mistake?** I'm human! Mistakes might happen. If you find one, please tell me, and I will do my best to fix it as soon as possible.
- **Have fun!** Finally, have fun with it! If you have suggestions for future kits, I would love to hear them!

Sincerely,

Bella :)

HOW TO USE THIS KIT

- **Apple Picking** Let your doll go apple picking! Hang up the sign so she knows where to go, and add “trees” filled with play apples. You can find cheap, inexpensive baskets at craft stores that the apples can go in. To decorate them, add the included circle tags! When she would like to buy apple cider, wrap the label around a small bottle, and trim if needed.
- **Pumpkin Patch** Decorate your doll home with teeny pumpkins! She can visit The Petite Pumpkin Patch, or use the seed kits to grow her own. Hang up the signs, including one that advertises the annual pumpkin contest! Who will win?
- **School Spirit** Your doll will be the cutest one at the pep rally with these fun accessories. Make badges to show her school pride, and attach them to her shirts, bags, jackets, and more! Have your doll hang up the poster at her school, and bring the letters to cheer on the team at the big game.
- **Bakery** Baked goods are impossible to resist when they have delicious fall flavors! The Homemade Bakery carries so much yummy food, from pumpkin pie to chocolate chip cookies. Using your own doll food, label them all so that shoppers know the prices. The sign and chalkboard ad can be hung outside the bakery. Use the boxes and “stickers” to package the food with care!
- **Corn Maze** What’s more fun than getting lost in a corn maze? Once she is done traveling the maze, your doll can visit Doll Family Farm’s food stand. There, they sell fresh autumnal produce. Yum!
- **Fall Festival** Every doll can pitch in to make the fall festival a success! Set it up outside or inside, but make sure you have enough space for all of the activities. Use small boxes as tables, and label them all with the signs. Hand out tickets before letting them in!
- **Halloween Party** Finally, celebrate Halloween with a fun party! Send out the invitations a few weeks before the day of the event. Guests will have a blast voting on costume awards and guessing the number of candy corn in the jar. Use the owl and cat pictures to decorate the food table and throw on some spooky music to finish it off! :)
